CONTRACTOR'S DATA PRIVACY AND SECURITY PLAN

The Educational Agency (EA) is required to ensure that all contracts with a third-party contractor include a Data Security and Privacy Plan, pursuant to Education Law § 2-d and Section 121.6 of the Commissioner's Regulations. For every contract, the Contractor must complete the following or provide a plan that materially addresses its requirements, including alignment with the NIST Cybersecurity Framework, which is the standard for educational agency data privacy and security policies in New York state. **While this plan is not required to be posted to the EA's website, contractors should nevertheless ensure that they do not include information that could compromise the security of their data and data systems.**

1	Outline how you will implement applicable data security and privacy contract requirements over the life of the Contract.	M24/7/365 server monitoring. Dedicated IPs. SSL certificates. McAfee Quarterly PCI security scans.
2	Specify the administrative, operational and technical safeguards and practices that you have in place to protect PII.	For ongoing monitoring, we do have this capability as well through the use of AWS Macie which scans all touch points (databases, buckets, etc) and identifies any PII that isn't whitelisted. For example, if a student uploaded some file that contained an address or first/last name or cc info that would trigger an alert
3	Address the training received by your employees and any subcontractors engaged in the provision of services under the Contract on the federal and state laws that govern the confidentiality of PII.	Jim Frankel, MusicFirst Director has taken the IAPPN Privacy Course in 2017 and has been told that he does not need to take it again until 2022. He then trained our support team and they train any employee that comes into contact with PII. a) Handling of PII - generally speaking, no one has access to PII except for our CTO or support for debugging purposes.
4	Outline contracting processes that ensure that your employees and any subcontractors are bound by written agreement to the requirements of the Contract, at a minimum.	All employees must sign an employment contract upon hiring. Part of this contract includes a provision on data privacy and compliance, including handling of PII.
5	Specify how you will manage any data security and privacy incidents that implicate PII and describe any specific plans you have in place to identify breaches and/or unauthorized disclosures, and to meet your obligations to report incidents to the EA.	Because we actively monitor our systems 24/7/365, should a data breach occur we would be immediately alerted and would take appropriate actions. MusicFirst performs one daily off-site backup. We also perform a weekly offsite backup in a different server location. Our backups have a two-week retention. In the unlikely event of a disaster, we would be able to quickly restore our two-week backup at the very minimum.
6	Describe how data will be transitioned to the EA when no longer needed by you to meet your contractual obligations, if applicable.	Data will be deleted and transferred to the district upon request.
7	Describe your secure destruction practices and how certification will be provided to the EA.	The purge process would generally be to - Delete the entire LMS database. Getting rid of any related data. Delete the account record in a global database. Delete the media folders related to the school. (This would be a single folder on rackspace cloudfiles under Aws S3)
8	Outline how your data security and privacy program/practices align with the EA's applicable policies.	We have received, reviewed and understood the districts policy and comply with NIST standards with
9	Outline how your data security and privacy program/practices materially align with the NIST CSF v1.1	While we currently have policies and procedures in place concerning system protections, detections, and recovery, we currently do not adhere fully to the NIST Cybersecurity Framework.

Western Suffolk BOCES Education Law §2-d Bill of Rights for Data Privacy and Security

Parents (including legal guardians or persons in parental relationships) and Eligible Students (students 18 years and older) can expect the following:

1. A student's personally identifiable information (PII) cannot be sold or released for any Commercial or Marketing purpose. PII, as defined by Education Law § 2-d and the Family Educational Rights and Privacy Act ("FERPA"), includes direct identifiers such as a student's name or identification number, parent's name, or address; and indirect identifiers such as a student's date of birth, which when linked to or combined with other information can be used to distinguish or trace a student's identity. Please see FERPA's regulations at 34 CFR 99.3 for a more complete definition.
2. The right to inspect and review the complete contents of the student's education record stored or maintained by an educational agency. This right may not apply to Parents of an Eligible Student.
3. State and federal laws such as Education Law § 2-d; the Commissioner of Education's Regulations at 8 NYCRR Part 121, FERPA at 12 U.S.C. 1232g (34 CFR Part 99); Children's Online Privacy Protection Act ("COPPA") at 15 U.S.C. 6501-6502 (16 CFR Part 312); Protection of Pupil Rights Amendment ("PPRA") at 20 U.S.C. 1232h (34 CFR Part 98); and the Individuals with Disabilities Education Act ("IDEA") at 20 U.S.C. 1400 et seq. (34 CFR Part 300); protect the confidentiality of a student's identifiable information.
4. Safeguards associated with industry standards and best practices including, but not limited to, encryption, firewalls and password protection must be in place when student PII is stored or transferred.
5. A complete list of all student data elements collected by NYSED is available at www.nysed.gov/data-privacy-security/student-data-inventory and by writing to: Chief Privacy Officer, New York State Education Department, 89 Washington Avenue, Albany, NY 12234.
6. The right to have complaints about possible breaches and unauthorized disclosures of PII addressed. (i) Complaints should be submitted to: dpo@wsboces.org. (ii) Complaints may also be submitted to the NYS Education Department at www.nysed.gov/data-privacy-security/report-improper-disclosure, by mail to: Chief Privacy Officer, New York State Education Department, 89 Washington Avenue, Albany, NY 12234; by email to privacy@nysed.gov; or by telephone at 518-474-0937.
7. To be notified in accordance with applicable laws and regulations if a breach or unauthorized release of PII occurs.
8. Educational agency workers that handle PII will receive training on applicable state and federal laws, policies, and safeguards associated with industry standards and best practices that protect PII.
9. Educational agency contracts with vendors that receive PII will address statutory and regulatory data privacy and security requirements.
